White City SC: Volunteer Discount Policy

The White City Soccer Club (WCSC) Volunteer Discount Scheme is designed to support all our central volunteers at the club and ensure that they are provided some benefits to their vital roles at the club.

This policy considers volunteer roles only at the club. This includes, in general, the following:

- Club Coaches
- Committee Members
- Volunteer Officials in Management roles

Any other roles that are not listed here and to be included under this policy will be at the club committee's discretion to consider.

Lead Coaches

All lead coaches at WCSC qualify for player registration fee discounts as follows:

I. Coaches who have a child/children at the club qualify for 1 (one) child's Registration fees to be waived. Subsequent children will be provided with the following discounts:

a. 2nd child - $100 discount

b. 3rd child - $200 discount

c. 4th child - 50% discount

d. 5th and any subsequent children - free

II. Coaches who do not have children at the club but are players themselves are entitled to have their registration fees waived.

III. Where both the coach and his/her child are players with the club the waiver will be applied to the higher of the two registration fees. The discount outlined at I.a.- 1.d. above will apply thereafter.

IV. Where two Coaches share the role, each will receive a 50% discount for first child (or their own) registration. Subsequent children for each coach will receive the discounts as outlined in I.a. to I.d. above

Assistant Coaches & Team Managers

Assistant coaches and team managers are not eligible for Volunteer Discounts unless by such decision by the committee.

Officials in Management Roles

Club officials in Management Roles may be entitled to registration discounts as determined by the committee provided they are not remunerated for their services by the club. The following roles apply:

- President/Vice President/Secretary/Treasurer
- Merchandise Manager
- Facilities Manager
- Canteen Manager
- Club Registrar
- Technical Director
